

Audio Visual Tech

The AV Technician operates and provides day-to-day support for the organization's audio, visual, and lighting systems, follows established procedures, resolves technical issues, and collaborates with staff and volunteers to meet production needs.

Position Details:

- Full-time: 36–40 hours per week
- Schedule: Includes weekday and weekend services, events (conferences, weddings, funerals, offsite camps/retreats, etc.), and office hours as required.

What you will do:

The AV Technician is expected to operate and troubleshoot all technical areas listed below, perform routine service and event setups, and resolve common technical issues.

- Audio: Operate sound systems, mix audio, execute service setups, and troubleshoot audio-related issues.
- Visual: Prepare and operate ProPresenter, including lyrics, graphics, videos, sermon notes, and other presentation elements required for services and events. Operate PTZ cameras
- Lighting: Operate lighting systems and execute established lighting looks for services and events.
- Equipment and systems: Perform equipment checks, routine maintenance, and troubleshooting.
- Production and event support: Prepare, set up, operate, and tear down production equipment for services and events as needed.

What you bring:

Qualifications:

- Certificate or degree in Audio Visual and/or experience in a related field.
- Experience in audio, video, stage support, and lighting.
- Experience in programs such as ProPresenter, Google Suite, and Planning Center
- Basic understanding of musical instruments.
- Proven ability to work well with direct team members and across departments to promote unity.

Characteristics:

- Have the ability to be self-motivated and to perform daily responsibilities when unsupervised.
- Must exhibit a personal and growing relationship with God and a teachable spirit.
- Must be committed to continual learning and growth. Must agree and align with the mission, vision, and leadership of Reslife Church.
- We expect that this role will attend one Sunday morning service weekly in person to become or remain familiar with our culture, beliefs, and structure, and more effectively fulfill this role.

Physical Requirements:

- Ability to lift and move AV equipment up to 75lbs as required by the position.
- Ability to comfortably climb stairs and ladders and work at heights and in confined spaces as necessary.
- Ability to become lift-trained and certified.

The above duties, activities, or responsibilities may be supplemented periodically.
