Food Service & Payment Information

Our food team is not able to prepare menu options for rehearsal or reception dinners. Food would have to come from a licensed caterer, bakery or kitchen of which you would have to organize, arrange and pay the associated bill on your own.

Our food service team is able to help by receiving the food, setting up, providing beverages, linens and other needs that you may have with your dinners. Your coordinator will work with you and our food team to discuss and plan those needs. We will then provide you with an estimate of those costs based on that discussion. Once the Wedding/vow renewal day is complete, we

will provide the final bill from food service no later than 14 days after the event. Payment will then be due no later than 30 days after the bill has been sent out.

Payment for all other costs, excluding Food Service, will be due no later than 30 days before the Wedding/Vow renewal date.
